IMPORTANT INFORMATION FROM THE DEPARTMENT OF HEALTH SERVICES

The Department of Health Services (DHS) has regulatory authority over the importation of specified carnivores (including skunks and raccoons), nonhuman primates and bats, due to potential health hazards.

Section 2606.8, Title 17, of the CCR, prohibits the importation of skunks because the hazard to the public from exposure to rabies is extremely high. The DHS is concerned that certain wild animals could carry rabies and introduce new strains of rabies into the state of California. Therefore, the Department routinely denies requests for the importation and possession of skunks and raccoons. Exceptions may rarely be made for zoological or research institutions demonstrating an extraordinary need. The importation of other specified carnivores, bats, or nonhuman primates may be allowed under a DHS permit in certain circumstances. **For more information on DHS permits, please contact them at (916) 327-0332.**
